

**Petition to Support Bill A01014 & S3636  
for Central Service Technicians**

Dear Assembly Member: \_\_\_\_\_

I hereby sign my name as a citizen and voter to this petition urging you as a member of the NY State Assembly to support and vote for the Central Service Technician Bill A1014 & S3636. A bill to require individuals employed in the central services of hospitals to be licensed and undergo continuing education.

Passing this law provide oversight and better quality for items prepared to be used in patients during surgery and maintain quality control procedures in an effort to prevent and control the spread of infection. This potential for infection in a hospital is a serious threat to the health and well-being of patients. The goal of the central service bill is to regulate those who have control over the equipment that could spread infection, through the requirement for licensing and continuing education, would ensure that the technicians have the requisite knowledge to prevent any spread of infection.

I appreciate your consideration of my comments and am confident that you will support this legislation. Thank you.

Sincerely, \_\_\_\_\_ Date: \_\_\_\_\_
